What can I do for you?

Dr. Solomon Uwadiale, CEO

- Do you want to get a greater and measurable return from your company's efforts?
- Are you seeking to enhance organizational performance by improving decision-making efficiency and accelerating practical results?
- Do you want to improve team engagement conflict resolution and increase productivity?
- Do you want to maximize leadership effectiveness and influence?
- Do you want to create a life plan to help you navigate through and overcome both your personal and professional challenges?

I believe in partnering with organizations and individuals, helping expand their capacity, building business cultures with high employee engagement and performance for breakthrough results. I am a highly sought after facilitator, trainer, and coach for individuals, teams, and organizations. I have a unique ability to help people from different organizational silos collaborate on complex problems to change cultures and improve performance. I have delivered more than **7,000 hours of coaching, leadership and management training**, generating more than **\$30 Million in company savings, \$4 Million in additional revenue**, and eliminating more than **216,000 hours** of excess staff time, through execution of quality improvement projects.
